Subject: Re: [External] letter

Well, I tried to do this right the first time, and now can't get it to work at all. I am a paying customer of Dominion and am dead against them trying to block solar panels on individuals roof tops. It is a crime against we the people and nature for the short term company financial benefit. But, if this fails, battery technology is advancing at a rapid pace and then Dominion will be out of business instead a viable part of the future of energy in SC.

Good morning,

I was fixing to send you a letter telling you we received your Letter of Protest, but upon opening it up it is blank. Can you please re-send filled out?

Thanks

Becky latimer
